## Association Board Messages

2018 is ending with a wonderful week of weather. Our ups and down this fall has not deterred us from enjoying life here at VdG.

We would like to remind all to recycle when you can and please fold up the boxes and smash the plastic containers along with aluminum cans.

The recycle bins always fill up during the winter months! Activities have been great thanks to the Social Comm. and Women's group with plenty more to come this New Year.

The board will be busy with projects and will be looking for volunteers to help out when needed. Remember, the volunteers are what makes the community work and allows us to keep the maintenance cost down.

We have a number of new residents this year with more to come as there are a few condo's for sale, so please welcome them and invite them to join in the VdG activities.

Wishing you all a Happy New Year, The Board.

## Some thoughts from the editor...

My hope for the New Year is that we are able to realize that we are a people bound together not by our political or religious beliefs but by a common belief that this country was built on the idea that those from all walks of life can coexist in an environment which allows freedom of thought, speech, religion and opportunity to reach, through hard work, prosperity. While we may have our own feelings about what is right and moral, we need to accept that not everyone will or must share the exact same beliefs. There is and must be room in our lives for alternatives, if we are to survive, if this country is to survive. Remember the core values that this country was built on, that we all are created equal and all have the right to life, liberty and the pursuit of happiness. May this New Year be one that brings us back to those values.
